About SCM

Programme Objectives

Develop Christian ministers with theoretical and practical skills in interpreting the Bible,

Equip students with practical skills for church planting, administration, resource stewardship, management, entrepreneurship, and problem solving in the church

Equip students to participate in biblical disciplines and studying the Word of God for personal enrichment and the continual transformation.

Produce quality graduates who will be able to provide leadership that enables churches, constituent groups and individual members grow in all avenues of life.

Prepare students to undertake further academic studies in areas of ministry and theology.

Develop in students a biblical, Christ-Centred worldview
